Bucket Testing

Aiming for an 'A' Dairy

Aiming for an 'A' Arable

Soil Moisture

## Bucket Testing

**Irrigation Calibration and Maintenance**—Bucket Testing Workshops  
October 25 , 9.30am location to be advised and 13 November 2018.

Bucket testing is a simple cost effective way to ensure your irrigator is working efficiently. This is a three hour practical workshop and is suitable for all irrigation managers.

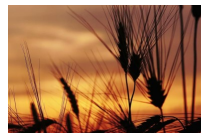

## Aiming for an 'A' - Dairy

**What does an A grade farm look like—Dairy** focus - March 2019

Farmer focused field day to demonstrate Good Management Practice (GMP) in action, with case studies and guest speakers to showcase why GMP is just Good Farm Practice.

## Aiming for an 'A' - Arable

**What does an A grade farm look like—Arable** 18 October 2018,  
10am, Barrhill

Farmer focused field day to demonstrate Good Management Practice (GMP) in action, with case studies and guest speakers to showcase why GMP is just Good Farm Practice.

## Soil Moisture Monitoring

**Are you thinking about how to monitor soil moisture on your property? Not sure what system is best for you?**

Come and get some independent advice about the pros and cons of different soil moisture technologies so that you can be confident in making the right choice for you and your farm. 25 October 2018,  
2pm—3pm Ashburton

**Please RSVP to [belinda@irrigo.co.nz](mailto:belinda@irrigo.co.nz) or 027 551 0344 if you wish to attend any of these workshops.**

## 2019 Resource Consent Update

It is likely that there will be some changes to our environmental program as a result of our nutrient discharge consent renewal. Find out how these changes will affect your business.

## Summer Job

We are looking for people to perform irrigation calibration assessments (bucket tests) over the summer, the role is on a contract, per machine basis. All relevant technical support, testing kits and training will be provided, applicants need to hold a NZ drivers licence. Contact Claudia if you're interested on 027 550 0131.
